DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

Applicant's after final response filed 10 November 2008 has been fully considered.

Consistent with discussions of 14 October 2008, examiner maintains the amendment filed 11 March 2008 is non-responsive due to amending all claims to read on a non-elected species.

The office action (final rejection) mailed 10 July 2008 is hereby vacated.

The amendment filed on 11 March 2008 amending all claims to be drawn to a non-elected invention is non-responsive (MPEP § 821.03). That amendment is not entered. The claims are not readable on the elected invention because:

Elected projections do NOT have two non-lateral surfaces connected by lateral surfaces as claimed (mutually exclusive structural difference).

Please note, newly added limitations "connected by lateral surfaces" are not considered to read on Applicant's previously claimed "light exit face" and/or "surface lying opposite the light exit face".

Since the above-mentioned amendment appears to be a bona fide attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
